

C. B. SLEMP WILL QUIT CONGRESS

To Retire From Private Life, So That He May Watch Private Affairs.

STATEMENT TO COME SOON

Wants No Repetition of Situation Like When He Was Nominated in 1912.

(Special to The Times-Dispatch.)

Roanoke, Va., November 15.—One of the most interesting bits of political information published for some time is the statement that C. B. Slemp, congressman from the Ninth District, will not be a candidate for reelection at the close of his present term, but will retire from public office that he may give his attention to private interests.

This announcement may be regarded as authentic and entirely trustworthy, although Mr. Slemp himself has not given it to the public. However, it is understood that in a letter to an intimate friend in this city he has expressed the wish that he should not be a candidate for the congressional nomination, and that his decision in this regard is final. The letter Mr. Slemp sent forth his reasons for this course. One of these is that the pressure of the work is beginning to tell upon him in a physical way, and he desires a rest. During the six years that he has represented the Ninth District in Congress, he has been in almost continuous session, and the constant strain of the work and multitude of details has proven a heavy burden. Another reason is that his personal interests have suffered through his inability to give them the necessary attention, and it is his wish to look after these matters more fully.

One year will elapse before the nomination is made, and it is believed that Mr. Slemp will make his position clear before long, so that some suitable man may be selected to represent the district. It is not known what event there will be no repetition of the situation at the last nomination, when he declined to be a candidate, but was forced into it as his withdrawal at the eleventh hour might have meant defeat to the party.

Small Fire in Forbes Stable. Trifling damage was caused by fire of undetermined origin this morning at 11:22 o'clock in the stables of W. S. Forbes at Ninth and Arch Streets. An alarm sounded from a box at Ninth and Main Streets, caused the firemen to go to the location of the blaze.

Mrs. Rockwood's Song Repertoire Class, will open next Thursday at 4 o'clock in the Shiff Auditorium. The public are invited.—Advertisement.

RICHMOND FOLK ON CITY OF RICHMOND

Three Hundred of Them Board New Steamer on Her First Trip to Yorktown.

ALL HAD GLORIOUS TIME

West Point-Baltimore Service Established With Boat Train Connection.

The City of Richmond, flagship of the bay fleet and swiftest steamer in Virginia waters, made her maiden voyage from West Point to Yorktown yesterday with 400 distinguished people of Richmond and Baltimore aboard as the guests of the Chesapeake Steamship Company. The special steamer train, which left this city yesterday morning for West Point, carried 300 passengers, while eighty citizens of Baltimore were brought down the bay on Friday night on the new Chesapeake River.

Amid the shouts of West Point people on the wharf and the incessant ringing of whistles, the City of Richmond, with her new coat of paint, and began her first trip down the York River, while the band on the hurricane deck played national airs. At every wharf on the river between Gloucester and West Point crowds gathered to welcome the ship on her initial trip and to catch a sight of the fastest steamer that has ever plied between West Point and Baltimore.

Launch Entertainment. Without the slightest hitch or unfavorable circumstance the big vessel made the return voyage to West Point in the afternoon and landed her Richmond passengers in time for them to reach home by 8 o'clock. Such a lavish entertainment as President Key Compton, the directors of the Chesapeake Steamship Company and the Southern Railway, had given yesterday has seldom been given in Virginia, and not a single one of the 400 persons on the City of Richmond was allowed to express a wish before it was granted without cost, energy or worry.

The only cargo carried by the big steamer was food and drink for the guests. In preparation for the occasion the freight deck of the vessel, as yet unused and cluttered with white paint, was spread with tables and converted into a huge buffet lunch-room. All day long colored waiters were busy opening succulent Lynnhaven oysters, handing them out fresh from the water.

As the ship neared Yorktown, about 1 o'clock, a lunch call was sounded

and the 400 guests seated at tables in the dining saloon and in the freight deck to partake of a dinner that massaged under the name of a luncheon. Around a large table in the center of the dining saloon were grouped Governor and Mrs. Mann, Mayor and Mrs. Ansley, Mayor and Mrs. Preston of Baltimore, and prominent officials of the Chesapeake Steamship Company and the Southern Railway.

Last Word in Bay Steamers. The City of Richmond, sister ship of the City of Annapolis, which was placed in service last month, marked

STRICKEN BEFORE GAME WAS CALLED

Dan Peters Drops Uniform and Is Brought to Hospital for an Operation.

Daniel C. Peters, the nineteen-year-old son of President Robert Lee Peters, of the Common Council, was stricken with appendicitis at Woodberry Forest yesterday afternoon just as he was preparing to drop his Pork Union Military Academy uniform for the game between the two institutions. A physician made a hurried examination and found that he was seriously ill. He was brought to the city last night, arriving over the Chesapeake and Ohio Railway on a train that was two hours late, rushed to Stuart Circle Hospital, where he was operated on at 10 o'clock by Dr. Charles R. Robins, and at midnight it was said his condition was most satisfactory. Young Peters went to Woodberry as a member of the Pork Union eleven, of which he is the star left tackle. When his fellow-players discovered that he was ill and had to be taken out of the game, they lost heart. Woodberry winning, Telegraph was sent to President Peters, who met his son at the train, and while he was alarmed over the earlier reports, he was greatly relieved after the operation to find that the young man suffered no ill effects from the delay in reaching the hospital. He will not be able, of course, to play again this season.

Cuban League Applies. Columbus, O., November 15.—The National Board of Arbitration of Minor Baseball Leagues to-day referred to Secretary Farrell for further investigation the application of the Cuban League for membership in the National Association. It may be granted, but use of negro players on teams probably will cause its rejection.

Among the decisions announced were the following: Claims allowed: players against Bristol, Tenn. Claims disallowed: Thomas against Norfolk, Va.

Roosevelt Leaves Buenos Aires. Buenos Aires, November 15.—Colonel Theodore Roosevelt, accompanied by a party of prominent citizens of Argentina, left here to-day on a trip into the interior of the country.

Three Hundred from Richmond.

The Richmond party, exactly 299 strong, left the city yesterday morning at 10 o'clock on a special train over the Southern Railway. In the party were Governor and Mrs. Mann, Mayor and Mrs. Ansley, officers of State and city government, prominent railway officials, and the large shippers of this city. The run to West Point was made on time. While the Baltimore party lined the rail and waved greeting, the Richmond guests, led by Governor Mann, filed up the gang plank to the music of "Dixie."

The cloudy day, although a little chilly, made the voyage more enjoyable than if the sun had been shining brightly. Sitting indoors was pleasant and the decks were at no time crowded. All the way down and back the brass band furnished music. The ship remained tied up for an hour and a half at Yorktown, while those who wished walked out into the historic old town and viewed the scene of Cornwall's surrender and the triumph of the Revolution.

Leaving Yorktown at 3:30 o'clock, the steamer arrived at West Point in less than two hours. The Richmond contingent there said goodbye to the Baltimore party, and took the special train, while the City of Richmond prepared to cast off for the last leg of the voyage to Baltimore.

TREHY UTTERS SPECIFIC DENIAL

Says Charge That He Entered Booth to Help Mark Bal-lots Is False.

(Special to The Times-Dispatch.)
Norfolk, Va., November 15.—The general charges will be cared for effectively at the proper time, and about those charges, there is no more truth than there is in the specific charge against me, that I entered a voting booth many times during the day and marked ballots; for at no time during the day did I enter an election booth, nor did I mark or assist in marking the ballot of a single voter.

This statement, made by James V. Trehy, clerk of the Corporation Court, to-day was the first public utterance from him since the Citizens' party filed its petition of contest of the recent election of Mr. Trehy as clerk of the courts, and B. Gray Tunstall, city treasurer. He broke his silence upon the advice of some of his most intimate friends, but would not discuss the petition or the charges it contained further than he has here quoted. It is a direct denial of the specific charges against him, which involved his conduct at the precincts in the old First Ward on November 4.

Three stenographers were engaged at the clerk's office to-day in copying all of the poll-books that were not copied on Wednesday night, and Thursday. It was said by one of the counsel for the Citizens' party that the poll-books were being copied for the purpose of getting a copy of all the poll-books, he said.

Investigating Mica Mines.

(Special to The Times-Dispatch.)
Washington, D. C., November 15.—Dr. C. A. Mendenhall, of the United States Geological Survey, has been at the head of a party of more than twenty men investigating the mica mines in that section. He went to Yachin to-day for an investigation of the lands in that section. It being claimed that there is much mica in that county. The mica mine, which was worked extensively a few years ago, is located six miles east of Yachinville.

Mr. Storrell is preparing a map and writing an extensive article relating to mining interests in the United States.

Thieves Steal Tooth.

Two negro boys, Jesse Gallimore and Richard Hubbard, were arrested yesterday by Policemen Jesse and Krouse on the charge of stealing a purse, which, among other things, contained a gold tooth, from John Bailey, who lives in the rear of 1 West Grace Street.

GUilty OF MURDER

Negro Will Be Sentenced for Killing White Woman.

Los Angeles, Cal., November 15.—Burr Laford Harris, a young negro, yesterday was found guilty of murder in the first degree for having killed Mrs. Rebecca P. Gay, a Christian Science practitioner, by crushing her skull with a piece of pipe two months ago. Harris will be sentenced next Tuesday. Harris confessed that he had murdered Mrs. Gay in order to rob her. His defense was insanity.

Hope For Bald Heads

Well Known Politician Nearly Bald Now Has Heavy Growth of Hair.

Tells How He Did It.

A Western politician, well known on account of his baldness and his ready wit—surprised his friends by appearing with a heavy growth of hair; many of his friends did not know him, and others thought he had a wig. On being asked how he did it, he made the following statement: "I attribute the growth of my hair to the following simple recipe, which any lady or gentleman can mix at home. To a half pint of water add 1 oz. of Barb Compound and 1-4 oz. of Glycerine. Apply to the scalp two or three times a week with the finger tips. It not only promotes the growth of the hair, but removes dandruff, scalp humors and prevents the hair from falling out. It darkens streaked, faded, gray hair and makes the hair soft and glossy. These ingredients can be purchased at any drug store at very little cost and mixed at home."—Advertisement.
